Announcements made the day of the auction will take precedence over previously printed material and/or oral statements. Bidding increments are at the discretion of the Auctioneer. Acreage figures are based on information currently available, but are not guaranteed.

Terms of Possession

10% down payment required the day of sale. Successful bidders are purchasing with no financing contingencies and must be prepared for cash settlement of their purchase on or before February 16, 2018 or after any objections to title have been cleared. Final settlement will require certified check or wire transfer.

Survey

Should the property sell as individual parcels, or a combination of parcels, to different buyers, the survey cost will be shared between the buyers and sellers. Final purchase price will be based on surveyed acres. Current acres on the excepted farmstead will be increased approximately 0.3 acre via a boundary survey. Information provided on Parcels 2 & 3 takes into consideration the anticipated acres to be taken from the parcels. Final sale price on Parcels 2 & 3 will be adjusted up or down based on final gross acres.

Contract & Title

Immediately upon conclusion of the auction, the high bidder(s) will enter into a real estate contract and deposit with the designated escrow agent the required earnest payment. The Seller will provide an owner's title insurance policy in the amount of the contract price. If there are any escrow closing services, they will be shared by the Seller and Buyer(s).
